PACKING TIPS

Please be sure to mark all belongings with your camper's first initial & last name in permanent marker.

New packing request: When packing your camper's clothes, could you please pack them as individual outfits by rolling everything for one day together (shirt, shorts, underwear, & socks) and rubberbanding/taping it, or putting each days outfit in a 1 or 2 gallon Ziploc-type bag. By doing so, it helps us help your camper build independence as we can ask them to "grab an outfit" or "which outfit do you want" from the five bagged or rolled outfits. Extra clothes can just be in their bag as usual.
